JAN 0 8 2009

U.S. Patent and Trademant Office; U.S. DEPARTMENT OF COMMERCE

Under the Paperwork Redigion Agrid 1835, no oppose are required to respond to a collection of trianmetical whether it extends a valid OMB 中央分配 page 1985.

Certificate of Transmission under 37 CFR 1.8

I hereby certify that this correspondence is being facsimile transmitted to the United States Patent and Trademark Office

on 1/8/09 LISA Schockel

Typed or printed name of person signing Certificate 53,564 312-894-7351 Registration Number, if applicable

Note: Each paper must have its own certificate of transmission, or this certificate must identify each submitted paper.

1. Power of Attorney (moliding Statement Under 37 CFR 3.73(b)) for the patents/applications in attached Schedule A.)

Total number of pages, including cover page:

This collection of information is required by 37 CFR 1.8. The information is required to obtain or ratein a banchi by the public which is to the (and by the USPTO to process) an application. Confidentially is governed by 35 U.S.C. 122 and 37 CFR 1.11 and 1.14. This collection is estimated to take 1.8 minutes to complete, including gathering, preparing, and submitting the completed application from to the USPTO. Time will very depending upon the individual case. Any comments on the amount of time you require to complete this form end/or suggestions for reducing this burden, should be sent to time Chief Information Officer, U.S. Patent and Trademark Office, U.S. Department of Commerce, P.O. Sox 1450, Alexandria, VA 22313-1450, DO NOT SEND FEES OR COMPLETED FORMS TO THIS ADDRESS. SEND TO: Commissional for Patents, P.O. Box 1450, Alexandria, VA 22313-1450.

If you need assistance in completing the form, call 1-800-PTO-9199 and select option 2

STATEMENT UNDER 37 CFR 3.73(b)					
Applicant/Patent Owner: TRAFFIC.COM, INC.					
Application No /Patent No: 10/6/1, 494 Filed/Issue Date: 6/50/2005					
Entitled: METHOD OF CREATING A VIRTUAL TRAFFIC NETWORK					
TRAFFIC.COM, INC. (Name of Assignee) CORPORATION (Type of Assignee, e.g., corporation, partnership, university, government agency, etc.)					
states that it is:					
1. the assignee of the entire right, title, and interest; or					
an assignee of less than the entire right, title and interest (The extent (by percentage) of its ownership interest is%)					
in the patent application/patent identified above by virtue of either:					
An assignment from the inventor(s) of the patent application/patent identified above. The assignment was recorded in the United States Patent and Trademark Office at Reel, Frame, or for which a					
copy therefore is attached. OR					
B. A chain of title from the inventor(s), of the patent application/patent identified above, to the current assignee as follows:					
1. From: INVENTORS To: MOBILITY TECHNOLOGIES					
The document was recorded in the United States Patent and Trademark Office at Reel 6(5(7), Frame 0794 or for which a copy thereof is attached.					
2. From: MOBILITY TECHNOLOGIES To: TRAFFIC.COM, INC.					
The document was recorded in the United States Patent and Trademark Office at Reel 06482, Frame 0841 or for which a copy thereof is attached.					
3. From: To:					
The document was recorded in the United States Patent and Trademark Office at					
Reel, Frame, or for which a copy thereof is attached.					
Additional documents in the chain of title are listed on a supplemental sheet.					
As required by 37 CFR 3.73(b)(1)(i), the documentary evidence of the chain of title from the original owner to the assignee was, or concurrently is being, submitted for recordation pursuant to 37 CFR 3.11.					
[NOTE: A separate copy (i.e., a true copy of the original assignment document(s)) must be submitted to Assignment Division in accordance with 37 CFR Part 3, to record the assignment in the records of the USPTO. See MPEP 302.08]					
The undersigned (whose title is supplied below) is authorized to act on behalf of the assignee.
